Town approves 1988 Budget

Elk Point Town Council brought down their 1988 Budget Monday night, at a meeting which also marked the completion of 50 years of business since Elk Point's incorporation. The Village of Elk Point held their first meeting on June 27, 1938.

The new budget reflects only a fractional change in mill rates from 1987, as shown by the following figures (1987 mills in brackets):

NON RESIDENTIAL MILL RATE

Alberta Planning Fund .163 Mills (.138)
School Foundation Program 4.405 Mills (3.945)
Supplementary School Requisition 6.454 Mills (6.277)
Elk Point Hospital Dist. No. 18 .546 Mills (nil)
M. D. of St. Paul Foundation .096 Mills (.550)
Municipal: General 8.734 Mills (7.710)
Debenture 1.157 Mills (1.181)
Special Levies: Non Residential 1.000 Mill (1.000)
Water/Sewer Capital Reserve .500 Mill (1.000)
Pavement Capital Reserve .500 Mill (1.000)
TOTAL: 23.555 Mills (22.801)

The increase of .754 Mill reflects a 3.3 per cent rise in Non-Residential taxes, while the Residential increase of .294 Mill is a 1.6 per cent rise. While the Town pared their budget to a zero increase, requisitions for the Alberta Planning Fund rose .025 Mill, the Supplementary School Requisition went up .177 mill and the first year of a new three year Elk Point Hospital District No. 18 requisition added .546 Mills. The M. D. of St. Paul Foundation requisition dropped substantially, by .454 Mill.

Canada Day plans set

Finishing touches are now being made on plans for Elk Point's Canada Day weekend, which promises to be one of the biggest celebrations in northeast Alberta. From the flipping of the first pancake at Elk Point Chamber of Commerce's Canada Day Pancake Breakfast, to the presentation of trophies at the Video Point Panasonic's 24-team mixed slowpitch tournament late Sunday afternoon, it will be a weekend packed with fun and entertainment for all ages.

The Pancake Breakfast, located north of 50 Avenue on 50 Street, will kick off the action at 7:00 a.m. on Friday, July 1, and will continue until 10:00 a.m. The first game of the ball tournament gets underway at 9:00 a.m., so come on down for breakfast before you hit the diamonds. For ball tournament entries and information, call Ken at 724-4341 or 724-3593.

Bed races, starting at 10:00 a.m. at Elk Point Elementary School on 51 Street, will feature prizes for the fastest and best-dressed outfits. To register, contact the Recreation Department at 724-4409.

The mammoth Lioness Parade will assemble north of the A. G. Ross Arena, with judging starting at 9:30 a.m. for floats, 10:00

a.m. for horses and riders and decorated bikes. The ten categories which will vie for \$1100 in prize money are: Children's Clubs and Organizations, Adult Clubs and Organizations, Out-of-town Commercial and Industrial, Local Commercial and Industrial, Horses and Riders,

Chamber plans for Canada Day

The Elk Point Chamber of Commerce slipped their plans for the Canada Day weekend into high gear at last Wednesday's meeting, which saw a good attendance and lots of enthusiasm. This is the first year the Chamber has taken a major role in the day's activities.

Larry Demchuk volunteered to head up the Pancake Breakfast Committee, which will follow in the steps of the former hosts, a group of business owners from the 50th Street and 51 Avenue vicinity. Demchuk has plans for the 7:00 to 10:00 a.m. event well under control, with everything from the grill to chef's hats for the volunteer cooks already arranged, but says he could still use more people: 'We won't ever

have too much help—please feel free to volunteer.' This includes people to assist with the after-breakfast cleanup.

Hans Rohner of Graphica kindly offered to donate two banners, reading 'Hosted by Elk Point Chamber of Commerce', which can be used at the Pancake Breakfast, Beerfest and other events.

Dave Yake was named head of the July 2 Beerfest and Dance Committee. A Lloydminster country-rock band, Weekend Special, has been hired, and work on the other details of the evening is going ahead. Elk Point Public Library has volunteered to run the food concession. Yake also said he 'could use lots of

help.' The Beerfest will run from 6:00 p.m. to 1:00 a.m., with the band striking up at 9:00 p.m..

The Chamber has received permission from the Town to use the land along the CNR track, east of 50 Street, as a temporary RV campsite for the July 1-3 weekend. Fencing must be erected along the track, and garbage containers and portable toilets obtained. The campsite will be free of charge, courtesy of the Chamber.

Chamber President Gordon LeDrew submitted his resignation from office, due to his transfer, later this month, to Fahler, Alberta. Vice President Vicki Brooker will assume the position of President, and the Nominating Committee was put

to work to find candidates for the Vice President's office. Past President Ed Buck thanked LeDrew for his involvement in the community.

Three Chamber members have volunteered to become part of the Town's Tourism Action Committee: Dave Yake, Billie Lynne Milholland and Sharon Smith. Their names will be submitted to Town Council.

Ed Buck told the Chamber that he is part of a six member committee formed by the Provincial Government to deal with development of the fur trading fort sites. The committee's task is to work on funding for the development. Earlier proposals for the site were shelved due to budget constraints, but 'We hope this time it may be our turn.'

been shortened, due to requests from several organizations who found the former route too arduous. The parade will leave the marshalling grounds north of the arena, proceed one block east to 50 Street, and then go straight down 50 Street to Railway Avenue. From that point it will travel west one block, and then turn north on 51 Street, continuing straight north to the Arena.

Official opening ceremonies will commence at 12:00 noon at the Canada Day Stage north and west of the Arena, with the arrival of the color party, made up of representatives of the community's clubs and organizations, and accompanied by the Cold Lake Canadian Forces Band, and the singing of O Canada. Distinguished guests will be introduced, the Town of Elk Point flag will be dedicated, and the OORP's gigantic Canada Day cake will be cut.

The afternoon will feature a variety of stage entertainment by local talent, introduction of special guests, the Elks Pie Eating Contest, and a performance by the Elk Point WunderDogs. Games and contests for both children and adults will take place throughout the afternoon on the grounds, including such new events as pillow fights and bale rolling contests, as well as the old favorites. Arm wrestling for trophies and ribbons will gain be part of the program, with weigh-in at 12:30 noon and action getting underway at 1:00 p.m.. Elk Point Oillettes and Elk Point

Oilmen's Association are the games sponsors.

For the cooks in the crowd, a homemade bread and jam competition is being held in the Arena lobby, sponsored by the OORP. Please bring in your entries before 2:00 p.m.. The men will have a chance to show off their barbecuing prowess at 4:00 p.m. in front of the arena. There is a maximum of 15 entries, with steaks supplied by Elk Point Meat Processors. Bring along your own barbecue sauce, etc..

The Elk Point Oilmen's Association will again hold their annual Tug-of-War, starting at 4:30 p.m., with a trophy and cash prizes up for grabs.

See local celebrities make a splash at the Dunk Tank, a fundraiser sponsored by the North Hill Playground Association.

Food concessions run by various local groups will be open all afternoon—and yes, we have been assured there WILL be coffee available this year.

The Elk Point Historical Society will have a display on the grounds, and the entries from the FCSS-Lakeland Review Poster Contest will be displayed in the Arena lobby.

A Roast Beef Barbecue hosted by the Minor Baseball Association goes from 4:00 to 8:00 p.m. in the arena, serving up barbecued beef and all the trimmings at a reasonable fee. The Beer Garden and Cash Bar, also in the Arena, opens at 6:00 p.m., hosted by the Elk Point Firefighters' Association. Non-stop dance music by Mule Train and County Express goes from 8:00 p.m. to 2:00 a.m., with a break for the fantastic fireworks display at 11:15 p.m..

The slowpitch tournament continues throughout Saturday and Sunday.

Saturday night, the Elk Point Chamber of Commerce is hosting a Beer Garden, starting at 6:00 p.m., with a dance starting at 9:00 p.m., music by Weekend Special. The concession booth in the lobby will be open from 6:00 p.m. until midnight, staffed by the Elk Point Library and Parent Nursery.

Fireworks will also be part of the Saturday evening program, starting at 11:15 p.m..

Another special attraction in Elk Point over the weekend will be the Fort George Museum, which will be open for viewing at a small charge from 10:00 a.m. to 8:00 p.m. on July 1 and 2. Located at Highway 41 and 50 Avenue, the museum features artifacts from the fur trading forts and many pioneer items, and is owned and operated by Steve Andrishak.

Council also made plans for Canada Day, approving the necessary road closures for the Parade route. A shortened route was put in place this year, after a number of parade participants found the extended route used in the past few years extremely tiring. Councillor Alvina Schuhmacher noted that while the longer route, which passed the hospital, Heritage Lodge and Buckingham House was nice for their residents and patients, she 'can see why it was changed.' Mayor Mann confirmed that he will ride in the parade as the Town's representative.

Names put forward by the Chamber of Commerce and Historical Society for the Community Tourism Committee were ratified by Council. Frank Mayner will represent the Historical Society, while Dave Yake, Sharon Smith and Billie Lynne Millholland will represent the Chamber. Representatives from the Lions Club

and Elks Lodge have not as yet been named.

Administrator Pat Vincent told Council that the Town's unofficial census figures total 1313 residents, a one percent increase over last year's total of 1300.

How it's done

We are often asked 'how do you fit all that into one newspaper?' and 'how do you decide what to put in the paper?' For those who are interested, here's how it goes.

First of all, the size of the paper, the number of pages, is determined by the amount of advertising, to stay within the industry guidelines for a weekly newspaper. We try to stay right around the fifty-fifty mark, that is 50 percent advertising, 50 percent news, for a nice balance.

The front page must be devoted to the most important news—what is called in the industry 'hard news'—Council, Chamber of Commerce, any accidents or fires, and major events such as Canada Day, Participation Day, etc., that are imminent or that have just happened. Any pieces of these stories that don't fit on the front page are continued to the 'jump', as we call it, usually the second page.

Another must-have page is the Editorial Page, which contains our list of publisher and staff (see it down there below this? That must appear in every issue) as well as opinion and feature columns by the editor and staff, and letters to the editor. News is almost never put on the Editorial Page, and then only as small fillers, to use up small corners of space.

Classified advertising, Business Directory, Announcements and TV listings also have their own pages. That leaves us with somewhere between 3 and 11 pages, for an 8 to 16 page paper,

to fill up with display advertising and news.

First, the ads go on the pages, hopefully making an attractive arrangement. Then the news is fitted in: first, items which will be out of date before the next issue (such as articles telling about an event about to happen), then articles, if any, which have been held over from the previous week's paper—first, those written by our reporters, and then those by other contributors, such as club reports. Then the current crop of news goes in, again, reporters' material first, that from other contributors second. Pictures are used as space permits, and sometimes an article which would fit if it ran alone is held back because we feel the picture with it is too important to run the story alone.

Articles, pictures and advertising must all be in before our deadlines, which for all but classified advertisements is 12:00 noon on Mondays. The only exception to this is Town Council material, which often evolves from Council's Monday night meeting. Deadlines are necessary to permit the material to be typeset and laid out ready to go to press.

We DO welcome the news and pictures you contribute, and if you are waiting for something which has not appeared, hang in there—we will print it as soon as possible, provided your item is suitable for publication.

Hopefully, this will explain to all of you what is involved in the production of a weekly newspaper for your enjoyment.

CAMPING IN A SUMMER WONDERLAND — Such one happens to be near Wolf Lake, clean, clear and fish- as this could be near any of our many lovely lakes — this full. I. Magnusson

Countdown to the longest day

By Irene Magnusson
Alberta Trails

Here it is already mid-June, the 15th today, and only a few days until the longest day, the shortest night. How we hate to think of the coming shortening of the days, the eventual winter return. And how hard it is to cling to these sunny, warm and fleeting days, to savor them to the full.

So we must make the best of them, spend as much time as we can out under that sparkling sky, those green, green trees, down by the blue, blue waters. For some of us it may only be in fancy, as we are unable, for any number of reasons, to actually get ourselves down to the beckoning beach. But we can think of it, and remember other summers...

1988, here in our area, has 'een an interesting year so far. One surprising outcome of the warm spring, is that, even without the rainfall or snowmelt we have had in other years, there are so many blossoms, both on garden plants and on the wild growth. Scrubby rosebushes along the roadsides, struggling to regain their growth after brutal sprayings, are simply loaded with lovely lush pink roses, trying to hide the dead blackened branches from other years. I have heard that at least one person saw a tiger lily (after the millions we once were privileged to enjoy), and all the saskatoon bushes are laden with little green berries.

Sometimes I wish I were a school kid, with a 'School's out!' time to look forward to, when I could throw work and responsibility aside, let aches and pains and problems go flying out of my mind, and think of nothing but enjoying the beautiful summer months—which seemed to stretch away into infinity when I was 8 or 10 years old.

Probably some people think I have no more to do than a school child, and for all the use I am to anyone, perhaps I may as well be. No one cares if I get up or stay in bed, if I eat or sleep or work or shirk. I can't even take care of my own needs, and have to call on others to do simple things for me—light the furnace, fix the car, cut my hair. Once in awhile I surprise myself, and attempt something daring, like overhauling my lawnmower.

That was fun. I had two (both old) mowers, same make. One had a burnt-out motor. The other had a broken, torn-up shell. So I took them all apart, and made a good mower out of the good parts. I learned quite a bit about the assembly of these machines—for one thing, perhaps if I'd taken the cover off long ago and taken the trash out of it, the motor

may not have burned out, as I found it literally packed with grass, dirt and trash up under the hood which I had supposed was protecting it from rubbish. Oh, well. Maybe the other one will last longer, since I used the opportunity to clean it out thoroughly.

I also—in my anxiety to get all the bolts and screws in the right places—managed to put the motor in a half-turn wrong, so had no room for the blade to turn, but by now I was getting so good at wrenching off the nuts, it was only a matter of another half-hour to take them all off and redo the thing again. And, what do you know, I never lost a single washer or screw or what-have-you in the long grass!

I have spent many hours of my life looking for lost washers, pins, nuts and bolts in long grass under tractors, binders and other misbehaving machinery, as Cliff's nimble fingers tried to coax them back into action again, replacing lost and broken parts out in the field or here in the yard. He was always in a hurry, as seeding or harvest times await no man, just because he's dropped a few odds and ends into the long grass and can't find them. I did my best to help.

I finally convinced him it was the better part of reason to throw a chunk of canvas or plastic on the ground to catch the 'drip' before he crawled under there with wrenches and vise-grips. A good big magnet proved a godsend, too.

So—rejoice with me. I did something useful—even if it was only for myself. Now my lawn grass can take heed again. It will soon have that 'lived with' look once more.

I haven't seen or heard the Baltimore orioles for a couple of weeks now. Before that I saw them almost daily, and heard their distinctive calls. Nor have I seen the yellow warbler again, or the pair of American goldfinches. I can only hope they are busy raising their families, and have no need for my water pans. The robins are busy early and late, along the garden edge, or in the lawn. And the house wrens are yakking at me whenever I go near their houses. Also the pair of tree swallows are no longer seen perched on the power line, or peeking a little head out of the hole in the birdhouse on the light pole. I have seen no little ones, but they were surely brooding there a week or two ago.

Over by the field, or in the old schoolyard, sometimes circling high over my backyard, I see, all too often, the big hawk. I can only hope he has been satisfied with a diet of mice and gophers, but I realistically know he has also been feasting on any little

birds he can pilfer from their well-hidden nests. And it's not that I don't feel sorry for the mice and gophers—guess they don't want to end up as 'dinner guests' either—but the birds sing!

It would seem, from the few coons tucked up under the eaves on my house, that the forest tent caterpillars are slowing down, but when I look out across the valley and see all those grey de-leaved areas, it is plain they have exacted their toll once again on our aspen groves. My own yard has been relatively free of them, only a few creeping around, but I'm sure there is a basis for a real surge of them next year. Oh, well—at least they don't bite.

Today is Tammy's Birthday, my lovely little granddaughter...how can she have grown up so fast? How the years fly by! And here I was complaining about the DAYS going so quickly. Throw out the anchor! Anything to slow it down. Time, that is. Someone wound the clocks too tightly, and the brakes are off.

So it's mid-June, and mid-year, and next week after this is take-off time for our family reunion. This will likely be the last one I will go to, although I hope there will be many more. Families are SO important, and we should get to know them, and find strength and courage from them. Often we see ourselves reflected (or parts of ourselves—none are ever exactly the same). I intend to enjoy it to the fullest, this little time we will have together, to check the new spouses, the new babies, the grown-up kids.

Jan Frisby Tournament a success

Sixteen teams enjoyed a weekend of lively slowpitch action at Whitney Lake Ball Park June 18 and 19, as they took part in the 2nd Annual Jan Frisby Memorial Slowpitch Tournament.

The tournament was sponsored by the Elk Point Lions Club, who presented take-home trophies to the winners of the 'A' and 'B' events. The challenge trophies are donated by Jeannete and Fred Frisby and family, in memory of their daughter and sister, Jan.

Men At Work (and the women who worked just as hard) took home the \$500 first prize in the 'A' Event, defeating the Hilltop Hawks in the final game. The Hawks received \$400, while the third place Redwater team took home \$300 and fourth place Tul-

liby Lake won \$200.

On the 'B' Side, G T Auto Dustbusters won a narrow 8-7 decision over Elk Point Raiders to collect \$400 in prize money. The Raiders won \$300, with third place and \$200 going to the Co-op, and fourth place and \$150 to I Don't No.

Other teams taking part in the tournament included Video Point Panasonics, Squeeze Play, Has-Beens, Hooters, Heinsburg, Misfits, Thunderbucket and the Bud Lite Beauties.

All proceeds from the tournament are being donated to the Canadian Cancer Society in memory of Jan Frisby, an avid ball-player and fan from the Lindbergh area, who succumbed to the dread disease in 1986.

"B" SIDE WINNERS — Were the G.T. Auto Dustbusters from Vermillion. Captain Gary Tomiak accepts the Elk Point Lions' Club trophy from Chuck Frisby.

"A" SIDE RUNNERS UP — Were Elk Point's Hilltop Hawks, who were shot down by Men at Work in the final game.

ELK POINT RAIDERS — Formerly known as the Relics, put up a good battle in the "B" final, losing to the Dustbusters by a single run.

Ferguson Flats will be having their regular picnic this Sunday, June 26. It's still the only old time place where people can get through the gate without money, and enjoy ball games, races, etc.. Treats can be bought at cost, so bring your family for a fun day in the country.

Mr. and Mrs. Bruno Kummert became grandparents again as Debbie Babcock had a baby girl. Also Mary and Neil Nelson are proud grandparents again, a baby girl born to Trudy and Doug Sparks. Doug and Trudy are busy fixing up their farm at Ferguson Flats where they plan to live. It's beginning to look very sharp with all the new fences, etc..

Ferguson Flats ladies put on a

shower for Erica Elliott, future bride of David Ockerman, at the Ferguson Flats Hall on Saturday evening, June 11. There was a big crowd of ladies, fun games, a nice lunch and a nice variety of gifts for Erica and David.

Lindbergh way, the Salt Plant had an anniversary celebration to celebrate 40 years of operation. People of this district would like to congratulate Canadian Salt, as the plant has provided work for many people from this area.

Primrose way, new road construction is presently underway, at present creating mud when it rains, but hopefully a better road in the future.

Sig and Bev Peterson are building a new house, another conversation piece for the community.

TomRae wins provincial essay contest

Editor's note: The following essay, by Elk Point Elementary School student Tom Rae, was awarded first place in the Provincial Rural Safety Essay Contest for the Grade 5 division. Congratulations, Tom—keep up the good work!

The McKnights

ByTom Rae

The alarm clock rang loudly through the bedroom at five in the morning. It was time for Pete McKnight to get up; he had only two hours of sleep that night, but chores needed doing! As he drowsily smoked his first cigarette of the day he thought briefly of his depressing situation. Pete bought the old Baily farm in the Peace River County. He and his lovely wife Joanna had been so excited at first. They invested all their money into this great farm and borrowed as much from the bank as they could. Everything was going fine until the price of cattle went down. Pete got caught; he had to sell his at a low price to make his first bank payment, thus losing a lot of money. By spring, Pete knew he had to make a lot of money to keep from losing his farm. He decided to gamble

on planting wheat. The price was really high this year but it was risky in the Peace River area, as frost came early there. If luck was with him, Pete could recover his losses and keep on going. He'd planted wheat, and now he had a bumper crop. The problem was he just could not get it off fast enough. He'd been combining day and night for the past week and he was only half finished. Frost was predicted for the next few nights, so he had to keep on going.

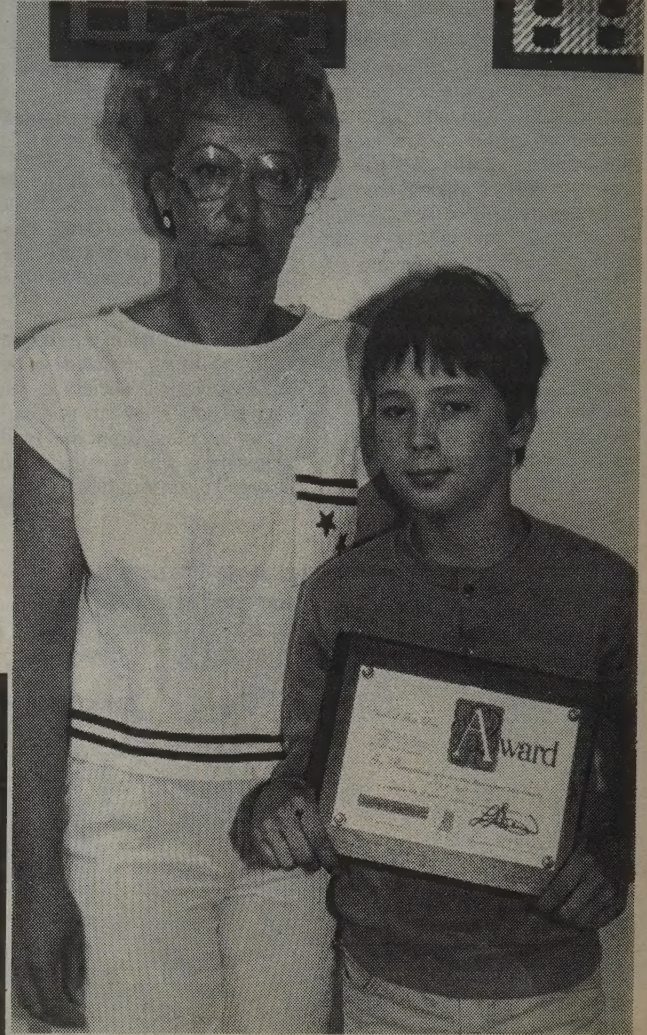

After a quick bite to eat, Pete and Joanna drove out to the field where the combine was parked. Pete started up the machine, determined to work hard all day. Back and forth over the field went Pete, pushing his machine to the utmost. Joanna was driving the grain truck and kept up pretty well most of the day. Finally Joanna started nagging Pete to stop for a rest and have a bite to eat. She could see that he was very tired and seemed to be falling asleep at the wheel. His rows were very crooked and he was leaving strips of wheat uncut between the rows. Pete yelled back at Joanna to keep on going and that they had no time to spare. A few hours later they were still going back and forth, back and forth. At the end of every few rows Joanna had to drive the grain

truck back to the storage bins to empty the grain out of the truck with the electric auger. After returning from a trip to the bins, Joanna noticed that Pete was asleep in the cab, while waiting for her to get back. She yelled at him to take a break, but he took off again in a rage. He started driving up a steep hill and seemed to be going much too fast. Suddenly the front end seemed to rise up into the air, and all at once it overturned right in front of Joanna's eyes! The combine crumpled like a piece of tin foil, as it rolled down the hill. Joanna screamed and screamed in terror, frightened that Pete was dead. After the dust settled, Joanna fearfully made her way to the combine. She found Pete alive but badly injured. He was bleeding and crying and was in shock. 'Thank God, you're alive,' said Joanna. Then Joanna went for help. Pete luckily had only a few broken bones. He was lucky to be alive. He had been wearing his seat belt which prevented him from being tossed out of the combine when it rolled. The roll bars saved the cab and Pete from being squashed.

Pete's accident was caused by Pete's stress. Pete was under lots of stress to get his crop off quickly. He should have hired a helper to help

him with his combining. Pete should have gotten more sleep.

Many farm accidents are caused by farmers working long hours. They get too tired and become careless. If you are ever in a situation like this, stop and think about your safety—you could save a life.

Ukrainian Dance Club news

By Margaret Bayduza

The year is finally ending for the Elk Point and District Ukrainian Dance Club. We have finished our last few June practices to prepare for Festival '88. Our year-end Spring Concert was held in May. We'd like to thank everyone who attended. It was the best turnout we've had in years. We'd also like to thank the F. G. Miller Senior Band for their guest performance. This year's concert was our most successful yet.

Even though our regular dance season is over, our club is still performing at various functions. We danced at the Talent Quest and at Myrnam, as well as Participation Day and the Windsor Salt plant 40th anniversary celebrations. We welcome these invitations to perform and entertain, as we believe it is important that you see the quality of dance and level of skill we are achieving. Plus, it's a lot of fun.

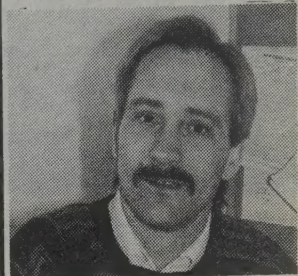

We would like to encourage more young people to join our club. The minimum age to join is 5 years old, and no previous dance experience is required. If you are interested in registering a child or would like more information about the club, contact any of our members, or phone Diane after 6:00 p.m. at 724-3525. We look forward to meeting our new dancers when we start again next September. Have a good summer, everybody!

WHAT'S NEW at the Library

By Michelle Whitlock

This week we have added some new music cassettes to our collection. These include such new releases as the rock group Glass Tiger's *Diamond Sun* and Def Leppard's *Hysteria*. We have also added a new cassette from George Michael called *Faith*, Mel McDaniel's *Greatest Hits*, White Snake's newest release and the *Dirty Dancing* sound track. These should give the library's patrons something to tune into until the rest of the tapes we ordered arrive.

We received quite a number of new books last week, once again increasing our science-fiction section with the acquisition of five new books. These include Isaac Asimov's *The Robots of Dawn*, *The Caves of Steel*, and *The Naked Sun*. We also have obtained *Annals of Time Patrol* by Poul Anderson and *Not for Glory* by Joel

Rosenburg.

Other new books in the adult section include *The Last Emperor* by Edward Behr and *The Forever Bond* by Eleni Carr. If you are interested in learning to write better or just getting ready for that very important last English paper, we have just the books for you. The library has just acquired three new books from Webster's, *Webster's Compact Rhyming Dictionary*, *Webster's Compact Writer's Guide*, and *Webster's Compact Dictionary of Synonyms*. And last but not least of all are two books for the children's section—*Sesame Street's Spring Cleaning* and *If I Lived Alone*.

Final preparations for the Summer Reading Program were made as Kris-Ann Maas travelled from classroom to classroom in the Elk Point Elementary School to deliver pamphlets. The program begins on July 5 for

the Elementary students and July 8 for the pre-schoolers at 10:00 a.m. so we hope to see everyone when school is out. For more information you can call Kris-Ann at 724-3737.

Teachers farewell to colleague

Edythe Way has only been a Grade 3 teacher at the Elk Point Elementary School for three years - but to her fellow teachers and other staff members, three years was long enough to know this lovely lady would leave a lasting impression on their lives.

Some half a hundred members of the Alberta Teachers' Association (ATA), spouses and friends gathered at the Pioneer Circle Hall Monday evening, June 13, to bid farewell to re-

tiring Edythe Way, who has also been a music teacher in the area, travelling to her classes in several towns in the County of St. Paul.

Ms. Way will be returning to her native province of Ontario, following the end of the school term, in June. That she is a popular and well-loved individual was evidenced by the many gifts, cards and well-wishes showered on her by her colleagues.

Among many 'fun' gifts were a tiny globe, with the comment that now she was free to 'globe-trot' to her heart's content; a key tag, and key to 'open doors' to new friendships; a miniature tropic island, complete with palm tree (inflatable) for her personal use; a map of Canada showing the 'Edythe Way' (her projected journey home to Ontario); a bag of 'doughnut seeds' complete with directions for planting same, a pair of 'mis-matched earrings, to go with her mis-matched shoes' obviously an in-house private joke - and many other mementos, cards, mottoes, books, music, etc..

A lovely gold watch, diary, quilted oven mitts, gold vase, etc., etc., were unwrapped and commented on by the smiling retiree.

Larry Lambert, President of the local ATA and Principal of Ashmont School, presented Ms. Way with a traditional brass school bell, and words of praise for her work, her pleasant disposition and the pleasure her presence in the area had given, together with his - and the ATA's - best wishes for her future in retire-

ment. She was also presented with a school pin.

Don Conrad, Principal of Elk Point Elementary School, delivered his - and other staff's - thanks for Edythe Way's three years in his school, where her services and pleasant personality were much appreciated, closing by playing a tape, 'May All Your Days Be Good Days', sung by Andy Williams. Presentation of another beautiful brass bell (door-bell) to add to Edythe's collection, followed, together with Best Wishes from all the staff, and the huge appropriately decorated 'Happy Retirement' cake, created by Linda Hymanyk, so artful Edythe was loathe to destroy it with the cake knife handed her.

Edythe spoke briefly of why she had enjoyed her stay in the County so much. 'It's the school, of course,' she said, 'one of the nicest working situations I've ever been in.' She has also enjoyed the town of Elk Point, and being in Alberta, and the other schools she has taught in in the County, Ashmont, Lafond, St. Paul, as well as Elk Point.

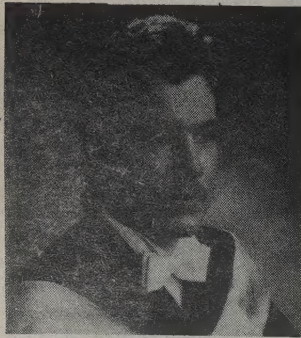

She thanked all 'for the precious memories,' and ended with an invitation to 'Come and see me in Ontario! I'll always have room for you.'

Rising then, the group sang 'For She's A Jolly Good Lassie...' which nobody can deny. The party then proceeded to enjoy the cake, coffee and good fellowship with their special guest.

WORDS OF PRAISE — For retiring teacher Edythe Way came from local ATA President Larry Lambert, at Ms. Way's retirement party last week.

Recent Grad

KENDALL SCOTT — Son of Phyllis and Wes Scott, of Elk Point, Alberta, recently graduated from the University of Alberta. He obtained a B.Sc. Degree in Forestry. Kendall is currently employed with B.C. Forest Products at McKenzie, B.C.

Federal Reform Party elects president

Tom Holliday of Elk Point was unanimously acclaimed Interim Constituency President at the Federal Reform Party's Beaver River Constituency organizational meeting in Smoky Lake, Monday, May 30.

Party spokesperson Leslie Keith says that the primary purpose of the

Reform Party is to secure constitutional and economic equity for the western and northern regions within Confederation. The party platform is 'an agenda for change,' she stated. First plans are for a Triple 'E' Senate - Elected, Effective at protecting regional interests, and with Equal representation for each province. Ms. Keith says that every democratic country except Canada has such a Senate to balance the power of industrial centres with the resource producing regions.

Second, the Reform Party feels every Federal policy and decision should pass a 'regional fairness test' to ensure fair treatment with federal hiring, spending, taxation and economic development programs.

Ms. Keith says the Party 'IS a strategy' and has evolved through conferences held throughout the west. 'The west is tired of seeing our politicians muzzled by party discipline, or the power of the numbers of central Canadians dominating all Federal issues.' Their plan calls for 24 of the 88 western ridings to elect Reform Party representatives in the next Federal election.

'The West wants in,' Ms. Keith noted, adding that the Beaver River Constituency organizers would like to hear from residents within the area. For more information, contact Tom Holliday at 724-3633 from 6 to 10 p.m..
